INVESTMENT OPPORTUNITY

We wish to announce to the public that we have just taken over a block of the stock of the SHEEP TRAIL-PYRAMID MINES COMPANY. This company consists of three gold and silver mine properties which have been brought together making one large company known as the SHEEP TRAIL-PYRAMID MINES COMPANY

Out of all the companies whose stock we have offered for subscription, and later put on the New York curb, we firmly believe this to be the best proposition that we have so far handled. This stock is closely held, save what stock is given to us to be disposed of for the purpose of working the above property. It is the intention of this company to install milling facilities which will enable them to concentrate the ore at the lowest possible cost, which will make it possible for said company to pay large dividends.

This stock will be traded in on the New York curb shortly; and we highly recommend the purchase now at the subscription price of 50c a share, when, as, and if issued.
